Subject: Design and Construction Standards UPDATE--Meeting Tuesday, July 11, 2006

Thank you for participating in the Design and Construction Standards update process. The topic for the July 11 meeting will be a continuation of **Trail Location in Parks**.

Tuesday, July 11, 2006
3 to 5 p.m.
Clean Water Services' Tualatin Room
2550 SW Hillsboro Highway

Meeting notices and notes, issue papers and related documents are posted on the website at:

<http://www.cleanwaterservices.org/PermitCenter/DesignandConstruction/Update/default.aspx>

Stakeholder working groups met on May 9, May 31, and June 20. Staff is drafting proposed revisions to the Standards based on input from the stakeholder groups. Our objective is to present draft language in September, and meetings are tentatively scheduled for September 12, and October 3. It is likely that stakeholder meetings originally scheduled for August 1 and August 22 will be canceled because the stakeholder meetings have been so productive. We thank those who have attended these meetings for their time and expertise.
